Oakleigh Grammar is currently running the Arrowsmith Programme at full capacity, and a waiting list is in place.

Oakleigh Grammar is excited to be leading the way in providing a world leading innovative programme which will alter the lives of young people with learning difficulties.

Around 1 in 10 children in Victorian primary and secondary schools have learning difficulties. Most do not qualify for additional funding, and any help they do get, treats symptoms without addressing the root causes. Oakleigh Grammar is committed to developing students as confident and caring lifelong learners. While we recognize the efforts and achievements of our teachers and parents, we know that we could do better, especially in how we educate students with learning disabilities.

Learning disabilities are notoriously hard to identify, and easily masked by coping mechanisms instinctively put in place by the sufferer. Too often such learning disabilities are misinterpreted as defiance, laziness or simply low intelligence.

It is widely acknowledged that learning dysfunctions in younger years quickly escalate to behavioural, emotional and social problems later in school and adult life. It is no accident that 50% of children in juvenile Detention Centres have a speech or language disorder.

The Arrowsmith Programme assists teachers, parents and students to think and act differently in addressing student learning disabilities.

It literally teaches our children to think differently. By turning on the parts of their brain that are weaker, it strengthens their capacities and enables them to learn and progress in ways not possible in the past. Unlike other approaches, it is a cognitive programme that alters the brain structure and has proven results.

The programme has proven effective for students experiencing difficulties with reading, writing and mathematics, comprehension, logical reasoning, problem solving, visual and auditory memory, non-verbal learning, attention, processing speed and dyslexia.

The Arrowsmith Programme is a different approach but it is not new. Founded on Neuroscience Research and over 30 years’ experience, it is the brainchild of Barbara Arrowsmith-Young (the author of ‘The Woman Who Changed Her Brain’). It currently runs in Canada, the United States, New Zealand and Australia, with new schools opening in the Middle East and Malaysia.

After a three to four year programme students can function without special education assistance. Students return to a full academic curriculum at their appropriate grade level following the completion of the programme.
The typical student enrolled in an Arrowsmith Programme class

- Is of average or above average intelligence
- Has a combination of the learning dysfunctions that are described in the Descriptions of Learning Dysfunctions on the Arrowsmith website and in the Arrowsmith Brochure.
- Does not have severe intellectual, cognitive, emotional or behavioural disorders that would significantly affect his or her ability to participate in the Arrowsmith Programme.
- Does not have acquired brain injury or an autism spectrum disorder
- Is of elementary, secondary or post-secondary school age

These are guidelines only. There are many students who fall within these guidelines; others who may require further consideration and still others for whom we feel this programme cannot provide meaningful benefit.

Details of the programme

Oakleigh Grammar has offered 40 places in 2016/2017, and is now taking applications for 2018/2019.

Fees will be $22,000 pa, inclusive of the regular tuition fees. There is an initial deposit of $5,500 on acceptance of the offer into the Arrowsmith programme and the balance in Terms 1, 2 and 3.

Oakleigh Grammar Parent Declaration

My signature below indicates that I have read the conditions of enrolment found in the School Enrolment Book and agree to abide by these and any regulations in force at the School. I agree to pay promptly and by the due date all fees and other money due to the School in respect of the child enrolled.

Students will not be permitted to commence a new term whilst any fees remain unpaid, unless written permission has been granted by the Principal or Finance Manager prior to the commencement of the term. It is further agreed that we will be liable to pay the School all costs (including legal and debt collection costs) which result from the non-payment or late payment of accounts.

In cases where there has been substantial non-compliance with the rules and regulations of the School, the School may impose special conditions for the ongoing enrolment of the student which may include the requirement of payment of annual fees before the commencement of the year.

All information relating to account and administration matters shall be provided equally to the signatories to this form, unless otherwise directed by both signatories and consented to by the School.

In respect of any unpaid fees, levies and costs owing by us to you, I hereby grant a charge in favour of Oakleigh Grammar over all my interests (from time to time) in any real property holdings. Should any fees, levies and costs be outstanding for more than 30 days after the due date of the account, I acknowledge that Oakleigh Grammar is irrevocably and unconditionally entitled to lodge a caveat against such real property as valid security for all amounts due and payable to us. Oakleigh Grammar will release any caveat promptly upon payment of all unpaid amounts.

A minimum of an academic term’s notice in writing to the School Principal will be given before the removal of a student from the School, otherwise the School has the right to withhold fees or charge the fees for that term.

This application requires the signature of both parents. If both signatures cannot be provided, the circumstances should be indicated to the School, in writing as to why both signatures cannot be provided. If parents are divorced or separated, only one signature is required with proof of sole custodianship.
