## PROTOCOLS IN THE EVENT OF CLOSURE DUE TO COVID-19

### **Oakleigh Grammar's process in the event of a positive COVID-19 case**

As you will be aware, the COVID-19 situation in Victoria at this time is evolving and our provision of on-campus learning may change at any time due to Victorian Government directed guidelines or in the event that our School should experience a positive case of Covid-19. I know many of you will have read of a number of schools in Melbourne temporarily closing for this reason. I can reassure you that as a Leadership Team we have planned for a number of possible scenarios, including the need to put in place a safe evacuation process for all students and staff at short notice during the course of a School day, or alternatively having to communicate out of School hours that the campus will be closed the following day.

**The first point of communication from the School will always be an SMS message to parents asking you to check your email inbox where detailed information will be found regarding pick up locations and times.**

### **If we receive advice during the school day**

a) Students will continue working / packing bags while waiting for parents to notify that they are ready to collect them from various pick-up areas.

b) Parents to message students when they are at the School (or notify Reception if student does not have a phone). Students will leave when a parent text has been received.

c) Our bus service will be fully operational in the event of a safe evacuation so students who normally travel by bus will be returned home on the same bus as normal, albeit a little earlier
