Welcome

Oakleigh Grammar is a Kinder to Year 12 co-educational Christian school that has been empowering young minds since 1983. At the core of our identity is our diverse, inclusive and family-oriented culture that welcomes students and their families with open arms. We believe in nurturing strong relationships built on respect, trust and empathy in an environment where diversity is celebrated and inclusion is encouraged.

> Ethos

We are inspired by:

Values that are founded in our Orthodox Christianity, and Hellenic language and heritage.

Innovation that emerges from future-focused thinking about education and the world.

Citizenship that is responsible and respectful.

Scholarship that is demonstrated through excellence and effort.

We express our ethos through the character of “a zest for life” and the values of: venture, identity, courage and service.

> Global perspective

Our school aims to be globally-focused in the truest sense, encouraging our students to develop awareness beyond themselves, the school gate and their immediate community. We aim to develop engaged global citizens who seek to actively make a positive difference in the world.

> Leading edge learning

We have a child-centred approach to learning with additional teaching support to ensure that each child's learning needs are met. Every student is encouraged to perform at their best and continually improve, whether they are high performing, experience learning challenges, or fall somewhere in between.

"Together with our caring and committed staff, I wholeheartedly welcome you to Oakleigh Grammar!" Mark Robertson, Principal

INTERNATIONAL BACCALAUREATE
WORLD SCHOOL

RECEPTION
←

From the Principal

Oakleigh Grammar embraces students from many different countries and cultures by cultivating a unique, welcoming and inclusive community. In fact, parents often remark that the young people at our School are more like members of an extended family such is the individual care and attention they receive.

As a globally-minded and visionary school, every effort is made to encourage student participation in activities and contemporary learning programs that are both authentic and meaningful.

There is truly something for everyone, and we value each and every student.

Oakleigh Grammar has rapidly become a school with an international focus including regular acknowledgment and exploration of cultural diversity through various aspects of daily life at the school.

Together with our caring and committed staff, I wholeheartedly welcome you to Oakleigh Grammar!

Mark Robertson
Principal

Vision

Our vision is to be a leading co-educational school that provides quality education at an international standard.

Victoria University	3
Deakin College	3
Box Hill TAFE	3

Mission

To empower our students with a commitment to academic excellence and a zest for life so that they can contribute meaningfully to our community and society.

“Our students are given the individualised learning and pastoral support they require.”

Peter Dickinson, Deputy Principal – Student Wellbeing and Operations

Empowering young minds

> Junior School

From Prep to Year 5 we follow the Australian School Curriculum. We incorporate the principles of explicit teaching (teacher directed learning) and inquiry-based learning (student-centred learning), focusing on developing fundamental literacy and numeracy skills that will equip students for the Middle and Senior years of learning.

> Middle School

The International Baccalaureate (IB) Middle Years Program (MYP) prepares students in Years 6 to 9 for the Victorian Certificate of Education (VCE) by developing young people

who are creative, critical and reflective thinkers. The MYP is a challenging framework that encourages students to make practical connections between their studies and the real world; developing international mindedness, leadership, purpose, and a spirit of service to their community within the school and further afield.

> Senior School

Senior School students undertake the VCE and are given the opportunity to complete extension studies, with capable Year 10 students given the option to include VCE units in their study programs, allowing them to shape their

final scores from an earlier stage in their education. Oakleigh Grammar offers approximately 20 different studies from which to select a VCE program. These include English, Arts, Humanities, Mathematics, Science, Technology, Languages, Health and Physical Education.

> Our Educators

Our teachers are a highly qualified, passionate group of educators that put students at the centre of all they do. Through regular and targeted professional development, our educators adopt leading-edge practices to ensure every child maximises their potential and continually improves.

Pastoral Care

➤ Recognising the link between positive teacher and student relationships and academic success, our dedicated staff work to ensure that students are given the individualised learning and pastoral support they need.

Students are also given the opportunity to study at some of Australia's most highly regarded universities, with many just on our doorstep.

With a small number of international students, children are fully immersed in an English-speaking environment that maximises opportunities to practise speaking the language.

We have a skilled International Welfare Officer to assist with day-to-day activities and pastoral care.

Facilities

We are proud of our facilities and unique campus – it is large enough to provide the best learning and recreational spaces, yet small enough to foster a close-knit community. Students at all year levels interact on a daily basis.

› Science and Technology

With a dedicated science wing, students have access to the latest technologies allowing them to be part of a fast-paced learning environment.

› Multipurpose Library

Our spacious multipurpose library boasts meeting rooms, private study pods, reading nooks and lots more. It is a favourite spot for many of our students to read, study in solitude, collaborate with peers, take classes, and meet friends.

› Arts and Design

For those students with creative interests, we offer dedicated art studios and design workshops. Our students have created impressive works under the guidance of our educators who are highly experienced in fostering students' creative passions.

› New leading-edge Centre of Excellence

In 2023 our innovative purpose-built Centre of Excellence opens, housing our VCE students.

It is a new two storey learning space featuring abundant natural light and multi-purpose areas for our students to meet, collaborate, study and learn.

› Sport

Our sports facilities include a full gymnasium and multipurpose sports complex, rock climbing wall, outdoor Futsal court and basketball/netball courts.

› Cafeteria

We are constructing a new eat-in cafeteria where students can eat lunch brought from home or purchase nutritious meals.

› School Bus

Our level of personalised service extends beyond the classroom, with a door-to-door bus service. Students are collected and dropped off to their front door to reduce the burden on parents and guardians. There is an additional cost for using this bus service.

About Melbourne

› Melbourne's multiculturalism, parklands, art and cultural scene, culinary treasures and iconic sporting grounds earn the city its title as Australia's cultural, culinary and sporting capital. The city is one of the world's most liveable due to its mild climate, affordable living expenses and extensive public transport network. Home to over 140 different ethnic groups, Melbourne is a truly exciting and welcoming city.
